Dedicated to helping our Community
Be Well.

We have been serving the Kenosha and Racine families healthcare needs since 1995.

ACCESS FOR ALL
Kenosha Community Health Center provides access to medical and dental care for over 15,000 patients through a team staffed with Doctors, Dentist, Advanced Practice Registered Nurses, and Hygienist.

We accept most forms of insurance and many of our patients have Medicaid, but we see our community members, regardless of their ability to pay by assisting them in signing up for Medicaid or discounting their service based on their income.

SERVICES
KCHC has a multi-disciplinary team of Primary Care and Behavioral Health Providers collaborating on patients’ care to ensure that each patient has access to high quality, compassionate care.

Our Care Teams are made up of licensed board certified Medical Doctors and Nurse Practitioners, Registered Nurses, Licensed Practical Nurses, Licensed Clinical Social Workers and Licensed Practical Counselors.

BEHAVIORAL HEALTH
Primary medical/behavioral care services available:
- Behavioral Screenings and Interventions
- Chronic Disease Management
- Care Coordination

MEDICAL
Our Pediatric providers serve children from birth to adolescence, providing immunizations, screenings, regular well-child checkups including preventative exams and education for parents. For adults, our providers specialize in screenings and preventive checkups, disease management and many more.

Primary medical care services available:
- Chronic Disease Management
- Childhood/Adult Immunizations
- Preventative Care Screenings
- Urgent Medical Care
- STD/HIV Testing
- Family Planning
- Care Coordination

DENTAL HEALTH
Good oral health is essential to maintaining good overall health. KCHC Dentists provide adults and children urgent restorative care, preventative care and education to help patients gain lasting dental health that makes them smile.

Dental services include:
- General Dentistry
- Dental Hygiene
- Extractions
- Endodontics (Tooth Root Care)
- Periodontal (gum care)
- Restorations
- Urgent Dental Care

PHARMACY
All patients of KCHC are eligible to obtain prescription drugs at a deeply discounted price, from 20%-70% savings per prescription. As a Federally Qualified Health Center we are able to participate in the federal 340b Discount Drug program. KCHC contracts with Walgreens pharmacies to manage the prescription drug program for our patients.

Improving health. Improving lives. Fostering prosperity.
